

## VIDEO CLEANING NOZZLE

### C70

6" - 40" (150-1000mm)

The ID-tec C70 video nozzle features 7 cleaning jets, battery pack, LED lighting, WiFi and self-leveling HD camera for video recording and jetting 6" – 40" (150-1000mm) pipelines.

The video is recorded on a SD-card inside the nozzle and downloaded to the included tablet via integrated Wi-Fi, as soon as the nozzle has returned to the manhole.
